- Premium Smart Remote Control
- Vibrant Image Up Scaling
- Sleek Design

## Great Connectivity

The **Samsung 49MU6470 television** comes with an array of connectivity options so that you never run out of options to share your files and media with people around. It comes with 3 HDMI ports that let you connect your favourite gaming consoles as well as BD players. It also comes with one component input as well as one number of composite input. It features two USB ports that lets you connect any external device to the television. It boasts of a LAN connection that will make sure that you keep connected to the internet through all times. It also has a CI slot that will prove to be beneficial for you.

### Vibrant Pictures

The **Samsung 49MU6470 television** will let you see images in a new way, that you have never discovered before this. It comes with an active crystal colour technology that enhances the colour space to produce more intense colours and hues. It also features the HDR which provides you with an increases contrast range. Contents becomes more powerful, brighter and intricately detailed. Besides, the UHD resolution lets you experience spectacular details owing to the presence of a four times higher resolution than full HD. The images come to life, thanks to the up scaled brightness and vibrancy. Apart from that, the UHD dimming technology delivers you with extra high black in dark scenes. Each image is divided into plurality of blocks and the contrast is individually increased in all of those areas to bring you to classic and vibrant supreme image quality.

### Remote Control

This **Samsung 49MU6470 television** comes with a smart remote control that lets you firmly control everything in one go. It lets you access all content and compatible devices quickly and intuitively. It also comes with an integrated microphone that lets you take control over your television just with your voice commands. Any of your favourite TV series is now just three clicks away.
