

Lumi Audio FLW-55 LCR In-Ceiling Speaker

LCR In Wall Speaker

This unique 2-way, dual 5-inch in-wall loudspeaker delivers powerful and clear sound. It may be mounted vertically or horizontally, and it's suitable for any left, center, right or surround channel. Frameless + mag grille design, easy for clean, flush installations. The Titanium cones with rubber surrounds can handle plenty of bass for an extended listening session, such as a house party, without producing significant distortion. The dual-woofer configuration improves clarity and intelligibility for multichannel movie soundtracks. Includes integrated dog-ear brackets for retrofit applications.

Weight:	2.02KG
Dimension:	Φ386 x 175 x 82mm (Φ15.2" x 6.9" x 3.2")
Cutout Size:	Φ365 x 155mm (Φ14.4" x 6.1")
Woofer Type:	Kevlar Woven Cone
Woofer Size:	5.25"
Woofer Quantity:	2
Tweeter Type:	Titanium Dome
Tweeter Material:	Silk
Tweeter Size:	1"
Tweeter Quantity:	1
Frequency Response (±3db):	65 Hz-20KHz
Sensitivity:	90dB
RMS Power:	50W
Nominal Impedance:	8Ω
Magnetic:	Yes
