

Panasonic LH-32RM1DX Full HD commercial LED

Commercial LED Displays have propelled Business Efficiency, Retail Experience, Information Dissemination and Security Surveillance to the next level. It's time to take the leap. Fast Movements Are Clearly Reproduced Frames are detected before and after the present frame and a new intermediate frame is created. Optimal backlight blinking also helps to reproduce smooth images with minimal blurring. By combining the IPS Panel, with its wide viewing angle characteristics, beautiful images are reproduced with excellent brightness, colour and contrast even when viewed from an angle. The home screen can be customized with the user's favourite content. My Home Screen makes access fast and easy. There is an option of creating customized personal screen. Selectable Apps include Dates, Notes, Bookmark, Calendar, Clock, Ustream and more. Content stored in an SD Card or USB memory stick can easily be played on the display. Various formats, including MP4, MP3 and JPEG are supported. Moreover, a wealth of customization functions lets one add background music and effects.
